

Abigail E. Noble, Ph.D.

abigail@abigail.science • 857-636-0915 • 6 Wyman Street • Boston, MA 02130

SUMMARY

Dedicated professional looking to apply leadership, management, and problem solving skills to new projects and programs. Expert analytical chemist with a strong track record of collaborative success on multidisciplinary projects with teams from diverse backgrounds.

EDUCATION

Massachusetts Institute of Technology/Woods Hole Oceanographic Institution,

Cambridge & Woods Hole, MA

Ph.D., Chemical Oceanography, 2012

Haverford College, Haverford, PA

B.S., Organic Chemistry, 2004

PROFESSIONAL EXPERIENCE

Gradient, Cambridge, MA

March 2014 – September 2017

Associate Consultant, Environmental Chemist

- Managed fast turnaround and multi-year projects involving environmental compliance and litigation. Responsibilities included drafting proposals, scopes and budgets, managing project team and project progress, communicating directly with principal scientists and clients.
- Provided technical support and chemistry expertise for environmental consulting projects.
- Skills include: analytical chemistry, data quality assessment, data interpretation, international chemical registration, regulatory research, green chemistry initiatives, organic chemistry, metals chemistry, environmental sampling methods, and litigation support.
- Example clientele: transportation company, consumer product manufacturer, energy company, industrial company, agriculture company, oil company, battery manufacturer, Superfund PRP cooperating group, and lawyers representing example clientele.

M.I.T., Cambridge, MA

January 2012 – March 2014

Postdoctoral Associate

- Investigated the evolution of lead and lead isotopes in the Atlantic Ocean through participation in the International GEOTRACES program.
- Participated in interdisciplinary research expeditions in the Pacific Ocean.
- Mentored graduate and undergraduate students, meeting regularly to discuss their research progress.
- Managed an undergraduate student's research project.

Woods Hole Oceanographic Institution, Woods Hole, MA

October 2011 – January 2012

Postdoctoral Investigator

- Investigated the ocean cycling of dissolved cobalt and cobalt chemical speciation across the North Atlantic through participation in the International GEOTRACES program.

M.I.T., Cambridge, MA

Spring 2010

Teaching Assistant for Graduate-level Aquatic Chemistry course

- Ran weekly recitation session and graded problem sets.
- Met with students privately and in groups.
- Worked with the professor to ensure complimented and extended weekly lectures.

Woods Hole Oceanographic Institution, Woods Hole, MA

2004 – 2006

Research Assistant II

- Assisted to plan, pack, order, ship for, and participate in five major research expeditions at sea.
- Team member on scientific projects to study the ocean cycling of metal micronutrients in the ocean.
- Performed general lab maintenance, and supply ordering.

SUMMARY OF QUALIFICATIONS

Teamwork/Problem Solving

- Extensive experience working in an isolated environment at sea with ship's crew and other research teams for long hours and many weeks on end.
- Worked with a team of 5 to execute a difficult field expedition in Antarctica, camping on sea ice.
- Worked with teams to design and construct specialized lab spaces for contamination-sensitive analyses.
- Composed successful proposals for 3 research grants.
- Participated in 11 field expeditions, totaling > 7 months at sea.
- > 17 scientific presentations at international conferences
- > 17 publications in peer reviewed journals, including in *Nature Geoscience*
- Member of three NCAA Div. III college varsity athletic teams

Leadership and Management

- Completed PSMJ Resources, Inc. Project Management bootcamp training.
- Tutored for General Chemistry and Organic Chemistry in college 2002-2004
- Resident Assistant for groups of 10-12 incoming Haverford freshmen to promote healthy community, multicultural awareness, facilitated difficult peer interactions, and served as a mentor.
- Musical director of a regularly performing a capella group in college.
- Captained an NCAA Varsity Cross Country team, high school cross country team, and basketball team.

General Skills

- Proficient at Excel, Word, MacOS, iOS, and Windows
- Excellent writing skills
- Elementary knowledge of HTML, CSS, JavaScript

Professional Activities

- Invited to be a grant proposal reviewer for the *National Science Foundation*.
- Invited to be a manuscript reviewer for 6 peer reviewed scientific journals: *Marine Chemistry*, *Biogeosciences*, *Global Biogeochemical Cycles*, *Chemical Geology*, *Deep-Sea Research II*, and *Earth and Planetary and Science Letters*.
- WHOI/MIT Joint Program Treasurer - Fall 2008- Fall 2009

Community Service and Personal Activities

- Avid road cyclist and bike commuter
- Fundraiser and rider: 175 mile National Multiple Sclerosis Society, Cape Cod Getaway - 2014 - present
- Volunteer at Greater Boston Foodbank as a part of Gradient's annual service day - 2015 & 2016
- Fundraiser and rider: Vermont Foodbank Harpoon Point to Point ride - 2014
